**CHANGING THE WAY SOLID HAZARDOUS  
WASTE IS CONTAINED AND TRANSPORTED**

Windsor Waste Management is the exclusive licensee for Hazibag in the UK

**UN approved for Packing Groups II and III, Hazibag is a flexible intermediate bulk container (FIBC) that is changing the way solid hazardous waste materials are contained and transported.**

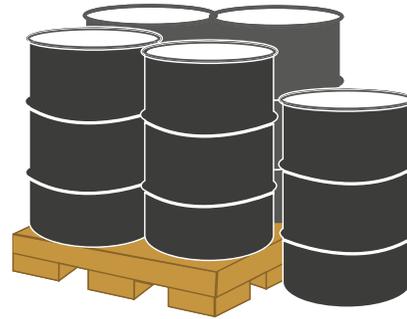

Developed to overcome some of the limitations of existing, less practical and non-compliant collection systems, Hazibag provides many benefits over drums and intermediate bulk containers (IBCs).

A one cubic metre Hazibag holds the equivalent of one IBC or five drums.

# LOWER TRANSPORT COSTS

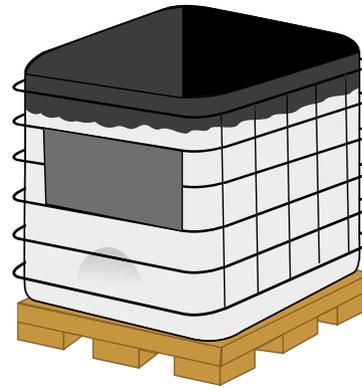

The light weight and compact nature of these bags reduces transport costs compared to traditional containers.

**DELIVERY OF  
FIVE DRUMS**

**= £85.00**

**DELIVERY OF  
ONE IBC**

**= £150.00**

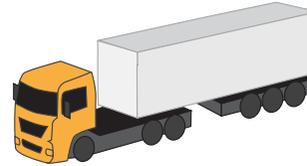

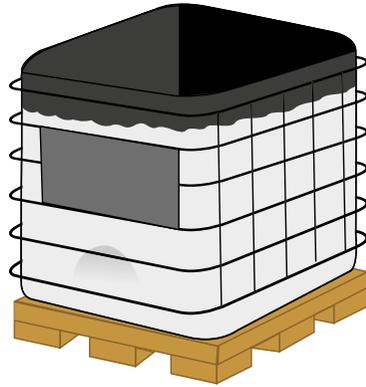

**DELIVERY OF  
ONE HAZIBAG**
